

1

1. Glue 2 craft sticks and 2 half craft sticks into a rectangle, or assemble using straw pieces

2

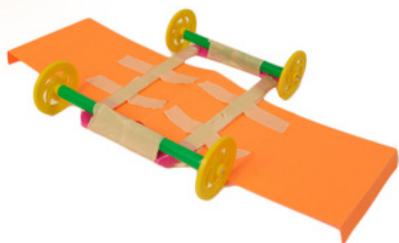

2. Create 2 pairs of wheels using 1/8" dowels, wheels, and 5" pieces of straws

3

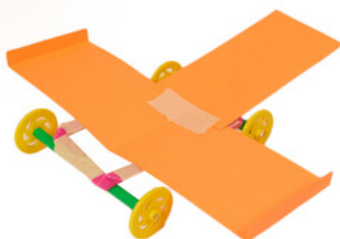

3. Cut 1/3 of a sheet of card stock. Fold in half. Fold 1/2" stabilizers on the ends

4

4. Tape the wings to the top of the frame

5

5. Cut another 1/3 of sheet of card stock, then cut that in half. Tape it to the back of the car

6

6. Tape the tail to the underside of the car

7

7. To launch: lightly press on the center of the car. Push swiftly off of a table!
