

1

1. Create a rectangular base

2

2. Create 2 pairs of wheels with a dowel, straw, and plastic wheels

3

3. Tape the wheels onto the base, then wrap the ends of the dowels in tape to keep the wheels on

4

4. Glue 3 craft sticks together. Fit the propeller on one end. Glue & tape a paperclip

5

5. Attach 1 or 2 rubber bands between the propeller and the paperclip

6

6. Glue two cubes and half of a craft stick as shown

7

7. Glue the propeller assembly to the parts from the last step
